

RFRI, JORHAT CONDUCTS 3RD REGIONAL RESEARCH CONFERENCE

Rain Forest Research Institute, Jorhat (Assam) has organized 3rd Regional Research Conference for North Eastern Region to address the various issues related to forestry in general and on Agroforestry in particular on 14th June, 2022. Shri Arun Singh Rawat, IFS, Director General, Indian Council of Forestry Research & Education, Dehradun inaugurated the Conference through virtual mode from Dehradun. The Conference was physically attended by Shri R. Arun Kumar, IFS, ADG (M & E), ICFRE, Dr. K. K. Sarmah, Chief Agronomist, AAU, Jorhat, Dr. Ranjita Bezbarua, Scientist, Horticultural Research Station (AAU), Kahikuchi, Guwahati, Dr. Lohit Baishya, Scientist, ICAR RC for NEH, Nagaland Campus, Shri Nandhakumar, DFO, Jorhat, Shri Ranjit Konwar, Working Plan Officer, Jorhat, students from Karbi Anglong and Nagaland along with Scientists, Officers and Research Fellows. Different senior Forest Officers from North Eastern States participated in the Conference virtually and contributed in the Conference.

Dr. R. S. C. Jayaraj, IFS, Director, RFRI, Jorhat welcomed all the distinguished guests and participants in the Conference and also briefed about purpose of conference. ICFRE DG, Shri Rawat in his inaugural speech emphasized on need-based research and involvement of all the key stakeholders. He also mentioned that demand of timber is high due to increase in population, to meet the demand of timber, more emphasis should be given on Agroforestry. Dr. Jayaraj gave detailed presentation on research achievement of the Institute and Shri R. K. Kalita, Head, Extension and Senior Scientist delivered a presentation on extension activities of the Institute. There were three sessions on different topics viz. Forestry research issues of states, forestry research in the north eastern region and discussion on agroforestry issues in north east India. Representatives of state forest departments highlighted about the research issues of their respective states. Invited speaker Dr. K. K. Sarmah, Chief Agronomist, AAU, Jorhat delivered his talk on agroforestry as a component of integrated farming system. Followed by the presentation of Dr. Ranjita Bezbaruah, Scientist, HRS, Kahikuchi on Agroforestry systems prevalent in Assam as an opportunity for livelihood generation. Dr. Lohit Baishya, Principal Scientist, ICAR-Research complex for NEH region, Jharnapani, Nagaland presented on Agroforestry intervention to improve shifting cultivation. Similarly, Dr. Arup Das, Principal Scientist, ICAR-Research Complex for NEH region, Tripura delivered his talk on Agroforestry model for Tripura. Shri R. Arun Kumar, IFS, ADG (M & E), ICFRE discussed various research interventions with respect to agroforestry in Tripura. Conference was concluded with the recommendations of RRC.

Vote of thanks was delivered by Dr. R. K. Borah, Scientist G, the Organizing Secretary of the Conference.

Brainstorming session on agronomy held at RFRI

CHRONICLE NEWS SERVICE

GUWAHATI: The third Regional Research Conference for North Eastern Region was organised by the Rain Forest Research Institute (RFRI) to address the various issues related to forestry in general and agroforestry in particular on June 14.

The conference was inaugurated virtually by Arun Singh Rawat, Director-General, Indian Council of Forestry Research & Education (ICFRE), Dehradun.

The Conference was physically attended by R Arun Kumar, ADG (M & E), ICFRE, Dr KK Sarmah, Chief Agronomist, AAU, Jorhat, Dr Ranjita Bezbaruah, Scientist, Horticultural Research Station (AAU), Kahikuchi, Guwahati, Dr Lohit Baishya, Scientist, ICAR RC for NEH, Nagaland Campus, Nandhakumar, DFO, Jorhat, Ranjit Konwar, Working Plan Officer, Jorhat, students from Karbi Anglong and Nagaland along with scientists, officers and research fellows. Different senior forest officers from northeast

ern states participated in the conference virtually and contributed to the conference.

In his welcome address, RFRI Director Dr RS C Jayaraj briefed the participants about the purpose of the conference. Dr Jayaraj gave a detailed presentation on the research achievement of the Institute. In his inaugural speech, ICFRE DG Rawat emphasised need-based research and the involvement of all the key stakeholders.

Rawat also mentioned that the demand for timber is high due to the increase in population, to meet the demand for timber, more emphasis should be given to agroforestry. RK Kalita, Head, Extension and Senior Scientist delivered a presentation on extension activities of the Institute.

There were three sessions on different topics viz. forestry research issues of states, forestry research in the northeastern region and discussion on agroforestry issues in the Northeast.

Representatives of state forest departments highlighted the research issues of their

respective states.

Invited speaker Dr KK Sarmah, Chief Agronomist, AAU, delivered his talk on agroforestry as a component of the integrated farming system. Followed by the presentation of Dr Ranjita Bezbaruah, Scientist, HRS, Kahikuchi on Agroforestry systems prevalent in Assam as an opportunity for livelihood generation.

Dr Lohit Baishya, Principal Scientist, ICAR Research Complex for NEH region, Jharnapani, Nagaland presented on agroforestry intervention to improve shifting cultivation.

Dr Arup Das, Principal Scientist, ICAR Research Complex for NEH Region, Tripura delivered his talk on the agroforestry model for Tripura. R Arun Kumar, ADG (M & E), ICFRE discussed various research interventions concerning agroforestry in Tripura. The conference concluded with the recommendations of RRC. A vote of thanks was delivered by Dr RK Borah, Scientist G, the Organizing Secretary of the Conference.
